

ENVIRONMENTAL POLICY

Terberg Matec UK (a trading division of Dennis Eagle Limited) is part of the wider Terberg Environmental Group of Companies.

The principal activity and aim of the Environmental division is to produce pioneering waste collection equipment whilst utilising sustainable manufacturing techniques in order to lessen the overall impact to the environment.

The Group core values are:

Our strategies & commitments are managed within the framework of an Environmental Management System (EMS) in which we set and review objectives and targets to continually improve by:

- Operating an Environmental Management System that meets the requirements of the international standard ISO 14001:2015.
- Implementing appropriate measures in order to protect the environment and prevent pollution.
- Comply with relevant environmental legislation and any environmental obligations.
- Provide the correct levels of guidance and leadership in order to enhance employee & supplier awareness.

In keeping with the company's core value of "sustainability", we are committed to:

- Optimising energy consumption.
- Enhancing the recycling of waste materials.
- Reducing the overall carbon footprint.
- Sourcing materials in a responsible manner.
- Evolving manufacturing techniques.
- Evolving the product portfolio to include enviro friendly equipment.

This policy statement is reviewed on a regular basis and is readily available to all as and when required.

Note; The scope of the Environmental Management System is applicable to the Terberg Matec UK facilities situated at:

- Warrington, Cheshire. WA1 4RZ. Activities associated with the sales, fitment and servicing of container lifting systems and dynamic weighing solutions.
- Worksop, Nottinghamshire. S80 3AT. Activities associated with the sales, design and manufacture of specialist recycling bodies.

For and on behalf of Terberg Matec UK:

Will Marzano

Managing Director
